

Columbia Wetlands Adventures are delighted to announce that they have successfully set the new GUINNESS WORLD RECORDS® title for 'Largest Hand Paddle / Oar' as stated in an email from Guinness World Records.

Based on an actual paddle, this proportionally correct monolith is scaled up 13 times to over 60 feet - perfect for a 78-foot giant! Nestled below the towering Canadian Rocky Mountains, the World's Largest Paddle provides breathtaking views of the surrounding Columbia River Valley near Golden, BC.

What does it take to build the world's largest paddle?

- One Western Red Cedar log, over 60 feet long
- One 4' x 44' slab of LVL (Laminated Veneer Lumber)
- 5300 lbs of materials in total
- 200 hours of labour
- 4 gallons of Varathane
- a love of place and a great sense of humour

Quick Facts

- Length: 18.573 m (60.9 feet)
- Height: 2.8 m (9.2 feet)
- Weight: 2404 kg (5300 lbs)
